I am a Junior Software Developer from Dublin currently studying Full Stack Development at the Code Institute. I have a background in motion graphics and illustration. I am looking to transition to the world of software development. With my creative background, I can bring a strong and creative skill set to the table. I am eager to combine my skills with software engineering, where I can continue to grow and learn.

EDUCATION

Code Institute

Full Stack Software Development
(2023 - Present)

National College of Art and Design

Visual Communication and Illustration
(2013 - 2016)

EXPERIENCE

Napoleon Creative - Freelance Designer (2020 - 2023)

- Designed and animated illustrations to meet client specifications.
- Worked closely with Creative Director to incorporate his and the client's feedback.
- Worked collaboratively with a team to produce the best outcome.
- Clients included: Salesforce, Capgemini, the NHS and Kantar.

Aikido Finance - Freelance Motion Designer (2020)

- Worked closely with the Front End Developer to design his vision.
- Designed and animated looped sequences for his landing page.
- Used Illustrator and then animated the artwork in After Effects.
- Aikido is a web based, quantitative investment strategy app.

RD Content - Freelance Artworker (2019)

- A branding agency located in Holborn, London.
- Storyboarded scenes for the client's abstract animated piece.
- Created style frames to show the client an idea of the final product.
- Worked within tight deadlines to ensure a quick turnaround.

Interests

- I like to keep up to date with programming trends and news by watching 'FireShip' on Youtube, his most recent videos are on the rise of AI.
- I also watch 'HyperPlexed' on Youtube for his reviews on website's UX/UI uses.
- In my spare time I enjoy playing Dungeons and Dragons with my friends.
